---

For those of you looking for great entertainment with a strong meaningful message, the Media Guy is for you. I have had the pleasure of working with them for a couple of years now and have been very pleased with the results. In Arkansas, we have used them for both our state student council conference as well as showings in individual schools across our state. Working with both Tom and Fred has been great. They are very well priced, easy to work with, and both have done an outstanding job. We are planning to add them to our summer leadership workshop and to continue to work with them on state conferences and individual school showings. I would hope that you would consider the Media Guy for your next leadership or school event.

Sincerely,

Danny Collie – AASC Executive Director
