To whom it may concern:

CED Mental Health Center's Substance Abuse Prevention Department has had the opportunity to work with Tom Guy and his Multi Media Presentations for the last few years. We have had the chance to see several of his shows including "Living Life" for both High school and middle school.

Mr. Guy has put together creative presentations which have proven to catch the attention of the crowd no matter what age they are. Our community has been blown away at the amount of talent that Mr. Guy has shown through his presentations. His creativity, resourcefulness, and ability to see a project through really made these presentations distinctive and successful.

During the time we have spent with Tom, he was an effective communicator, often going above and beyond to make sure everyone understands and enjoys his presentations.

Tom's sensitivity, diligence, energy and sense of humor made working with him a joy. I highly recommend him.

Sincerely,

Dana Williams
Prevention Specialist
CED Mental Health Center
