To Potential Media Guy Clients:

I would like to take this time to highly recommend my friend Fred Winters and the Media Guy production company. I have known Fred for years as he has worked closely with Student Council State Conferences I have attended. Fred is professional, amiable and trustworthy.

The first week of school we showed our students the newest Media Guy production *In a Split Second*. Of course the students loved the loud, current music and movie clips, but most importantly, they related to the true stories of how teens' lives were affected by decisions they made. Our student body viewed the presentation in our gym (which translates to uncomfortable seating), and they were mesmerized by the program. After the presentation, I heard students discussing how the presentation made them think about their own lives– the point of bringing the program to our school!

I am pleased to announce that Fred and The Media Guy production will be a part of the 2011 Florida Association of Student Councils state conference which we are hosting this year.

This is not just a generic recommendation letter. This is a letter written by a satisfied customer who is willing to answer any questions you may have. You can contact me at 850-995-3600.

Sincerely,

Celene Sessions
